

THE REAL REASON.

Mr. Newlands declares in his speeches that it is useless to attempt to attract Eastern capital to the State under our present excessive rate of taxation. Exactly; and as the Republican party has had control of the State so long and as the rate still remains, is it not about time we had a change in political management in order to bring about needed retrenchment?—Independent.

The Independent has not investigated this question or it would not have reached such false conclusions.

The high rate is due to the old time and absurd policy of Assessors, who do not assess property for more than one-third or one-half its value.

Thus, a man with \$10,000 worth of property is set down as owning \$5,000, and taxed at a rate of three cents on the hundred dollars.

Now, it would look much better to tax him one and a half cents on the hundred and estimate his property at \$10,000, its real value.

The foolish custom of the Assessors results in such a way that the outside world only estimates our wealth at half its value, and regard our taxes as double what they really are.

Again, many of the very wealthy men in the State escape taxation by perjury.

It is a well known fact that many a man has sworn to owning only 1000 head of cattle and unblushingly sold 5000 head within a few weeks.

This practice has become so common that people only laugh at it, but if some of these rascals were put in jail the laugh would not be so general in some quarters.

When a rich man dodges his taxes some poor man has to pay to make up.

There should be a State Board of Equalization in this State, and the Assessors should be compelled by law to assess everything at its full value. This would immediately result in a lower rate.

That Joint Discussion.

As we predicted, the several newspapers in the western part of the State give an account of the joint discussion between Bartine and Cassidy. The Democratic press say that Cassidy drove Bartine to the wall, while the Republican papers say that Bartine so completely unhorsed Cassidy that he (Cassidy) will never be able to rise again. If the speeches made here in Austin is any criteria to go by. Mr. Cassidy would make but a poor showing with Bartine and in conversation with several Democrats, they all admitted that Bartine's speech was the most argumentative, and by far the best speech of the two. As far as we are judge we will say without prejudice, that Cassidy is no match for Bartine.—Reveille.

The Independent claims that D. B. Williams, brother of Senator Williams, recently elected State Senator from Elko, is not eligible because of Article IV, Section 9, which provides that no person holding any civil office, except Postmasters getting less than \$500 a year, can be elected to a State office. It is claimed that Williams' income as Postmaster is over \$500 a year.

It is ridiculous for a paper as well posted as the Chronicle to take about the corrupt influence of a sack in defeating Winters. Winters had a sack in the field himself, and it did not seem to be big enough, or else his sack bearers sunk it, as they usually do. Both parties had sacks loose and it is nonsense for the losers to start a howl about money used in elections.

Truckee Republican: Men who want jobs of wood sawing seem to be scarce this year. Perhaps it is because, being candidate times, it is not necessary to work. After election perhaps some of the candidates will be willing to fiddle over a saw-buck!

BETTER THAN A

GOVERNMENT BOND.

The MANHATTAN for a limited period will offer the residents of Nevada a Bond Combining Insurance and investment that is in reach of all and which every healthy-bodied man in the State should possess—for the protection of himself and family.

In explanation read what follows: Suppose a special agent of the U. S. Treasury Department should call on you today and say:

The Government would like to sell you bonds for any amount between \$1,000 and \$30,000 and if it is not convenient for you to make the investment at once, we will allow you to pay for the bonds in

Tea, Equal Annual Installments.

And, suppose, in addition to this, the Government, wishing to make this the most desirable investment in the world, should stipulate in the bond, not only to pay them at the end of the term, but in case of your previous death, to pay them to your family and AT THE SAME TIME RELEASE YOUR FAMILY FROM PAYING ANY FURTHER MONEY.

Would you not at once close with such an offer? And yet this is practically what the Manhattan Life Insurance Company, of New York has done and is doing.
